On 5/8/12 at 0500 hours I responded to the YMCA located at 900 E. 33rd in reference to a call for a commercial burglary. Upon arrival, I met [REDACTED] (b/f) who opened the location to discover the interior of same to be ransacked with several items missing or damaged. [REDACTED] subsequently notified her supervisor, [REDACTED] (m/b) who likewise responded to inventory the property, assess the damages, and review security camera footage. [REDACTED] advised that, upon arrival, all of the exterior windows and doors to the location were secure and she did not know how or where the suspects entered the location.

Preliminary investigation revealed that on 5/8/12 at 0045 hours, four unidentified suspects entered the location via an unsecured exterior door leading to the YMCA's pool pump room which assisted the suspects in gaining entry to the rest of the building and ultimately unlawfully removing property from within same, prior to escaping on foot.

Staff for the YMCA departed the location at 2200 hours, at which time an overnight cleaning crew simultaneously entered the location and began working. The cleaning crew continued working until 0115 hours, at which time they departed the location; however, the cleaning crew did not set the alarm for the YMCA. Security camera footage shows 26-1, 26-2, 26-3, and 26-4 enter the YMCA at 0045 hours via an exterior access door to the pool pump room which, at an unknown time prior, had been apparently manipulated by the suspects to keep same from locking. 26-1 is seen easily pulling the door open and entering, while the three other suspects follow closely behind carrying shovels and poles. The exterior door which the suspects entered is always locked and cannot be unlocked unless a key is used from the outside, or same is opened from a push-bar on the inside. The suspects remain in the pool pump room until 0052 hours, at which time they once again exit the pool pump room door and walk back out of the YMCA clutching the same items with which they entered. Upon departure, 26-1 is seen propping the pool pump room door open with a small object jammed between the opening, preventing the door from closing securely. The suspects return at 0114 again carrying the shovels and poles, enter via the same door, staying for two minutes this time, until exiting in the same fashion as before, 26-1 once again propping the door open with the small object, at 0116 hours, carrying the same tools they entered with. The suspects return a third time at 0149 hours, after the cleaning crew departed the location, at which time the suspects then leave the pool pump room and enter the rest of the YMCA facility. Security cameras show the suspects ransacking the facility over the next several minutes, destroying property, and removing various items from within the location. At 0301 hours, security cameras show the four suspects depart from within the location carrying a flatscreen television and pushing a wheeled plastic container out of the pool deck emergency exit doors, which are directly next to the pool pump room doors in which the suspects entered. The suspects are subsequently seen fleeing on foot northbound away from the YMCA to an unknown location. Prior to fleeing, 26-1 removed the prop which prevented the door from closing securely, rendering the door once again secure.

Upon area canvass, the wheeled plastic container was located and recovered on the outer perimeter of the YMCA parking lot. Same was discovered to be containing several miscellaneous bottled sodas, bolt cutters, and various clothing items from the YMCA's Lost and Found, from which the container originated. The flatscreen television was not yet located at the time of this report. Area canvass for the suspects likewise resulted negatively. Crime Lab Unit 5815 was notified and responded to process the scene at 0615 hours. A 309 form was issued.

Continued ☐
